

2024 ENDURANCE COLLECTION

2024 ENDURANCE COLLECTION

Cover your miles in confidence with Leatt's Endurance collection.

It's not just about covering vast distances. It's not just about a competitive power-to-weight ratio. It's hardly even about fitness. These are simply the building blocks that stack up into something much bigger. Leatt's perspective has always been focused on protecting riders that are pushing their limits.

What started as the game-changing neck brace has evolved into a complete line that now serves XC and gravel riders. Leatt partnered with Gregor Egger & Lukas Baum from Speed Company Racing (winners Cape Epic 2022, and 2nd 2023) to develop best-in-class helmets and apparel. These pieces are designed specifically for the needs of today's endurance offroad riders – from short track XC racing to epic gravel adventures – while offering the renowned protection that's synonymous with the name Leatt.
